into ongoing scientific
experimentation, literally the "Crime of the Century" with an in-depth view into historic, research, covert ongoing testing, and development programs combined with today's use of highly advanced beamed psycho-physical, psychological electronic mind invasive Remote Neural Monitoring patented technologies. The patented technology uses extremely low frequency electromagnetic radio waves, microwaves, Scalar Waves, Ultrasound, Directed Energy Weapons, the USAF Active Denial System, infrared, Parametric Speaker, etc., designed EXPERTLY for covert harassment, mass and social population control, and undetectable manipulation and influence. Little known to the general public, these advancements are reported to have been used for DECADES and also reported to be focused today on individuals, groups, communities and large populations. Today a global system has officially unfolded of horrific beamed electronic weapon assaults through legalization, official Organized Community Stalking legitimizing federal, state and local police, with military personnel and military technology covertly turned on the civilian population marginalizing civilians, men, women and children as lab rats. There are many players

to include the Department of Veterans Affairs, Federal, state and local law enforcement agencies for research activity post 9/11. The reality, victim's report, is that this program has become a high-tech subjugation effort, beam torturing TARGETS both inside and outside their homes which opened the door for massive, inhumane, VICIOUS violations of Constitution, Civil and basic Human Rights. Who is watching Big Brother after the Constitution has left the building? The fact is thousand's nationwide and million's globally, within a unified, determined, exposure effort, and of whom are being strategically discredited have decided, "We Will Not Be Silent!" THE US GOVERNMENT'S SECRET HISTORY OF *GRISLY EXPERIMENTS*

BY JOHN WHITEHEAD – THE RUTHERFORD INSTITUTE

"They were monsters with human faces, in crisp uniforms, marching in lockstep, so banal you don't recognize them for what they are until it's too late." — Ransom Riggs, *Miss Peregrine's Home for Peculiar Children*

I have never known any government to put the best interests of its people first, and this COVID-19 pandemic is no exception. Now, this isn't intended to be a debate over whether COVID-19 is a legitimate health crisis or a manufactured threat. Such crises can — and are — manipulated by governments in order to expand their powers. As such, it is possible for the virus to be both a genuine menace to public health and a menace to freedom. Yet we can't afford to overlook the fact that governments the world over, including the US government, have unleashed untold horrors upon the world in the name of global conquest, the acquisition of greater wealth, scientific experimentation, and technological advances, all packaged in the guise of the greater good. While the US government is currently looking into the possibility that the novel coronavirus spread from a Chinese laboratory rather than a market (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=184c1357fd&e=31c5f389b6), the virus could just as easily have been created by the US government or one of its allies. After all, grisly experiments, barbaric behavior, and inhumane conditions have become synonymous with the US government, which has meted out untold horrors against humans and animals alike. For instance, did you know that the US government has been buying hundreds of dogs and cats from "Asian meat markets" as part of a gruesome experiment into food-borne illnesses? The cannibalistic experiments involve killing cats and dogs purchased from Colombia, Brazil, Vietnam, China, and Ethiopia, and then feeding the dead remains to laboratory kittens (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=a384eded56&e=31c5f389b6), bred in government laboratories for the express purpose of being infected with a disease and then killed.

It gets more gruesome.

The Department of Veterans Affairs has been removing parts of dogs' brains to see how it affects their breathing (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=c5e31e4771&e=31c5f389b6); applying electrodes to dogs' spinal cords (before and after severing them) to see how it impacts their cough reflexes; and implanting pacemakers in dogs' hearts and then inducing them to have heart attacks (before draining their blood). All of the laboratory dogs are killed (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=ed9f8037f5&e=31c5f389b6) during the course of these experiments. It's not just animals that are being treated like lab rats by government agencies. "We the people" have also become the police state's guinea pigs: To be caged, branded, experimented upon without our knowledge or consent (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=c1d751456b&e=31c5f389b6), and then conveniently discarded and left to suffer from the after-effects. Back in 2017, FEMA "inadvertently" exposed nearly 10,000 firefighters, paramedics, and other responders to a deadly form of ricin (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=37d2939283&e=31c5f389b6) during simulated bioterrorism-response sessions. In 2015, it was discovered that an Army lab had been "mistakenly" shipping deadly anthrax to labs and defense contractors for a decade. While these particular incidents have been dismissed as "accidents," you don't have to dig very deep or go very back in the nation's history to uncover numerous cases in which the government deliberately conducted secret experiments on an unsuspecting populace (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=688cf697e3&e=31c5f389b6) — citizens and noncitizens alike — making healthy people sick by spraying them with chemicals, injecting them with infectious diseases and exposing them to airborne toxins. At the time, the government reasoned that it was legitimate to experiment on people who did not have full rights in society such as prisoners, mental patients, and poor blacks. In Alabama, for example, 600 black men with syphilis were allowed to

suffer without proper medical treatment in order to study the natural progression of untreated syphilis. In California, older prisoners had testicles from livestock and from recently executed convicts implanted in them to test their virility. In Connecticut, mental patients were injected with hepatitis.

In Maryland, sleeping prisoners had a pandemic flu virus sprayed up their noses. In Georgia, two dozen "volunteering" prison inmates had gonorrhea bacteria pumped directly into their urinary tracts through the penis. In Michigan, male patients at an insane asylum were exposed to the flu (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=6c01b4660a&e=31c5f389b6) after first being injected with an experimental flu vaccine. In Minnesota, 11 public service employee "volunteers" were injected with malaria, then starved for five days. In New York, dying patients (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=ce956ff8b9&e=31c5f389b6) had cancer cells introduced into their systems. In Ohio, over 100 inmates were injected with live cancer cells (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=d8c90e6b51&e=31c5f389b6). Also in New York, prisoners at a reformatory prison were also split into two groups to determine how a deadly stomach virus was spread: The first group was made to swallow an unfiltered stool suspension, while the second group merely breathed in germs sprayed into the air. And in Staten Island, children with mental retardation were given hepatitis orally and by injection (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=5b85684b75&e=31c5f389b6) to see if they could then be cured. As the Associated Press reports, "The late 1940s and 1950s saw huge growth in the US pharmaceutical and health care industries, accompanied by a boom in prisoner experiments funded by both the government and corporations. By the 1960s, at least half the states allowed prisoners to be used as medical guinea pigs … because they were cheaper than chimpanzees (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=53858921be&e=31c5f389b6)." Moreover, "Some of these studies, mostly from the 1940s to the '60s, apparently were never covered by news media (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=14f22f9924&e=31c5f389b6). Others were reported at the time, but the focus was on the promise of enduring new cures, while glossing over how test subjects were treated."

Media blackouts, propaganda, spin. Sound familiar? How many government incursions into our freedoms have been blacked out, buried under "entertainment" news headlines, or spun in such a way as to suggest that anyone voicing a word of caution is paranoid or conspiratorial? Unfortunately, these incidents are just the tip of the iceberg when it comes to the atrocities the government has inflicted on an unsuspecting populace in the name of secret experimentation. For instance, there was the US military's secret race-based testing of mustard gas on more than 60,000 enlisted men (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=4895db0ef9&e=31c5f389b6). As *NPR* reports, "All of the World War II experiments with mustard gas were done in secret and weren't recorded on the subjects' official military records. Most do not have proof of what they went through. They received no follow-up health-care or monitoring of any kind. And they were sworn to secrecy about the tests under threat of dishonorable discharge and military prison time, leaving some unable to receive adequate medical treatment for their injuries, because they couldn't tell doctors what happened to them." And then there was the CIA's MKULTRA program in which hundreds of unsuspecting American civilians and military personnel were dosed with LSD (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=1f90600997&e=31c5f389b6), some having the hallucinogenic drug slipped into their drinks at the beach, in city bars, at restaurants. As *Time* reports, "before the documentation and other facts of the program were made public, those who talked of it were frequently dismissed as being psychotic." Now one might argue that this is all ancient history and that the government today is different from the government of yesteryear, but has the US government really changed? Has the government become any more humane, any more respectful of the rights of the citizenry? Has it become any more transparent or willing to abide by the rule of law? Has it become any more truthful about its

activities? Has it become any more cognizant of its appointed role as a guardian of our rights? Or has the government simply hunkered down and hidden its nefarious acts and dastardly experiments under layers of secrecy, legalism, and obfuscations? Has it not become wilier, more slippery, more difficult to pin down? Having mastered the Orwellian art of Doublespeak and followed the Huxleyan blueprint for distraction and diversion, are we not dealing with a government that is simply craftier and more conniving that it used to be? Consider this: After revelations about the government's experiments spanning the 20th century spawned outrage, the government began looking for human guinea pigs in other countries (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=1ea6b69b75&e=31c5f389b6), where "clinical trials could be done more cheaply and with fewer rules." In Guatemala, prisoners and patients at a mental hospital were infected with syphilis, "apparently to test whether penicillin could prevent some sexually-transmitted disease." In Uganda, US-funded doctors "failed to give the AIDS drug AZT to all the HIV-infected pregnant women (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=00a92ce9bc&e=31c5f389b6) in a study… even though it would have protected their newborns." Meanwhile, in Nigeria, children with meningitis were used to test an antibiotic named Trovan. Eleven children died (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=99f3aea24c&e=31c5f389b6) and many others were left disabled. The more things change, the more they stay the same. Case in point: Back in 2016, it was announced that scientists working for the Department of Homeland Security would begin releasing various gases and particles on crowded subway platforms (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=e0ea3c1015&e=31c5f389b6) as part of an experiment aimed at testing bioterror airflow in New York subways. The government insisted that the gases released into the subways by the DHS were nontoxic and did not pose a health risk. It's in our best interests, they said, to understand how quickly a chemical or biological terrorist attack might spread. And look how cool the technology is — said the government cheerleaders — that scientists can use something called DNATrax (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=321d31bff1&e=31c5f389b6) to track the movement of microscopic substances in air and food. (Imagine the kinds of surveillance (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=615ddd5e84&e=31c5f389b6) that could be carried out by the government using trackable airborne microscopic substances (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=0fcf1d9a97&e=31c5f389b6) you breathe in or ingest.) Mind you, this is the same government that, in 1949, sprayed bacteria into the Pentagon's air-handling system (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=377cb034b0&e=31c5f389b6), then the world's largest office building. In 1950, special-ops forces sprayed bacteria from Navy ships off the coast of Norfolk and San Francisco (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=1cdd6fdbc2&e=31c5f389b6), in the latter case exposing all of the city's 800,000 residents. In 1953, government operatives staged "mock" anthrax attacks on St Louis, Minneapolis, and Winnipeg (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=fd5eaf6615&e=31c5f389b6) using generators placed on top of cars. Local governments were reportedly told that "'invisible smokescreen[s]' were being deployed to mask the city on enemy radar." Later experiments covered territory as wide-ranging as Ohio to Texas and Michigan to Kansas. In 1965, the government's experiments in bioterror took aim at Washington's National Airport, followed by a 1966 experiment in which army scientists exposed a million subway NYC passengers to airborne bacteria that causes food poisoning (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=d8637bd57e&e=31c5f389b6). And this is the same government that has taken every bit of technology sold to us as being in our best interests — GPS devices, surveillance, non-lethal weapons, etc — and used it against us, to track, control, and trap us. So, no, I don't think the government's ethics have changed much over the years. It's just taken its nefarious programs undercover.

The question remains: Why is the government doing this? The answer is always the same: Money,

power, and total domination. It's the same answer no matter which totalitarian regime is in power. The mindset driving these programs has, appropriately, been likened to that of Nazi doctors experimenting on Jews (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=c97b649196&e=31c5f389b6). As the Holocaust Museum recounts (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=c683807ad6&e=31c5f389b6), Nazi physicians "conducted painful and often deadly experiments on thousands of concentration camp prisoners without their consent." The Nazi's unethical experiments (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=7f1cdd88ae&e=31c5f389b6) ran the gamut from freezing experiments using prisoners to find an effective treatment for hypothermia, tests to determine the maximum altitude for parachuting out of a plane, injecting prisoners with malaria, typhus, tuberculosis, typhoid fever, yellow fever, and infectious hepatitis, exposing prisoners to phosgene and mustard gas, and mass-sterilization experiments. The horrors being meted out against the American people can be traced back, in a direct line, to the horrors meted out in Nazi laboratories. In fact, following the Second World War, the US government recruited many of Hitler's employees, adopted his protocols, embraced his mindset about law and order and experimentation, and implemented his tactics in incremental steps. Sounds far-fetched, you say? Read on. It's all documented. As historian Robert Gellately recounts (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=159d05ad12&e=31c5f389b6), the Nazi police state was initially so admired (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=419806e603&e=31c5f389b6) for its efficiency and order by the world powers (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=df23878e0f&e=31c5f389b6) of the day that J Edgar Hoover, then-head of the FBI, actually sent one of his right-hand men, Edmund Patrick Coffey, to Berlin in January 1938 at the invitation of Germany's secret police, the Gestapo. The FBI was so impressed with the Nazi regime that, according to the *New York Times*, in the decades after World War II, the FBI, along with other government agencies, aggressively recruited at least a thousand Nazis (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=852db82703&e=31c5f389b6), including some of Hitler's highest henchmen. All told, thousands of Nazi collaborators — including the head of a Nazi concentration camp, among others (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=76d969eaf3&e=31c5f389b6) — were given secret visas and brought to America by way of Project Paperclip. Subsequently, they were hired on as spies, informants, and scientific advisers, and then camouflaged to ensure that their true identities and ties to Hitler's holocaust machine would remain unknown. All the while, thousands of Jewish refugees were refused entry visas (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=c45ebe9afe&e=31c5f389b6) to the US on the grounds that it could threaten national security. Adding further insult to injury, American tax-payers have been paying to keep these ex-Nazis on the US government's payroll (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=b13fcae04c&e=31c5f389b6) ever since. And in true Gestapo fashion, anyone who has dared to blow the whistle on the FBI's illicit Nazi ties has found himself spied upon (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=30660d1f6f&e=31c5f389b6), intimidated, harassed, and labeled a threat to national security. As if the government's covert, tax-payer-funded employment of Nazis after World War II (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=c872ebe10f&e=31c5f389b6) wasn't bad enough, US government agencies — the FBI, CIA, and the military — have since fully embraced many of the Nazi's well-honed policing tactics, and have used them repeatedly against American citizens. It's certainly easy to denounce the full-frontal horrors carried out by the scientific and medical community within a despotic regime such as Nazi Germany, but what do you do when it's your own government that claims to be a champion of human rights, all the while allowing its agents to engage in the foulest, basest, and most despicable acts of torture, abuse, and experimentation? When all is said and done, this is not a government that has our best interests at heart. This is not a government

that values us. Perhaps the answer lies in *The Third Man* (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=8336ae1e2b&e=31c5f389b6), Carol Reed's influential 1949 film starring Joseph Cotten and Orson Welles. In the film, set in a post-WW II Vienna, rogue war-profiteer Harry Lime has come to view human carnage with a callous indifference, unconcerned that the diluted penicillin he's been trafficking underground has resulted in the tortured deaths of young children. Challenged by his old friend Holly Martins to consider the consequences of his actions, Lime responds, "In these days, old man, nobody thinks in terms of human beings. Governments don't, so why should we? (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=6b1f846821&e=31c5f389b6)" "Have you ever seen any of your victims?" asks Martins. "Victims?" responds Limes, as he looks down from the top of a Ferris wheel onto a populace reduced to mere dots on the ground. "Look down there. Tell me. Would you really feel any pity if one of those dots stopped moving forever? If I offered you twenty thousand pounds for every dot that stopped, would you really, old man, tell me to keep my money, or would you calculate how many dots you could afford to spare? Free of income tax, old man. Free of income tax — the only way you can save money nowadays." As I make clear in my book *Battlefield America: The War on the American People* (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=9e141fa210&e=31c5f389b6), this is how the US government sees us, too, when it looks down upon us from its lofty perch. To the powers-that-be, the rest of us are insignificant specks, faceless dots on the ground. To the architects of the American police state, we are not worthy or vested with inherent rights. This is how the government can justify treating us like economic units to be bought and sold and traded, or caged rats to be experimented upon and discarded when we've outgrown our usefulness. To those who call the shots in the halls of government, "we the people" are merely the means to an end. "We the people" — who think, who reason, who take a stand, who resist, who demand to be treated with dignity and care, who believe in freedom and justice for all — have become obsolete, undervalued citizens of a totalitarian state that, in the words of Rod Serling, "has patterned itself after every dictator who has ever planted the ripping imprint of a boot on the pages of history since the beginning of time. It has refinements, technological advances, and a more sophisticated approach to the destruction of human freedom." In this sense, we are all Romney Wordsworth, the condemned man in Serling's *Twilight Zone* episode "The Obsolete Man." "The Obsolete Man (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=db40a0e89b&e=31c5f389b6)" speaks to the dangers of a government that views people as expendable once they have outgrown their usefulness to the State. Yet — and here's the kicker — this is where the government through its monstrous inhumanity also becomes obsolete. As Serling noted in his original script for "The Obsolete Man," "Any state, any entity, any ideology which fails to recognize the worth, the dignity, the rights of Man…that state is obsolete. (https://rutherford.us4.list-manage.com/track/click?u=f6eb78f457b7b82887b643445&id=23a27d3b2d&e=31c5f389b6)" How do you defeat a monster? You start by recognizing the monster for what it is.

THE DARKER ASPECT AND FACTS ABOUT THE ADVANCEMENT

MIND CONTROL TECHNOLOGIES AND THOUGHT MANAGEMENT TARGETING

Today, not only our military, CIA, or NSA, but a mobilized modern COINTELPRO unifying police operatives has accessed mind control technologies. Post 9/11 these patents are patented and concentrating on the mind of victims through high-tech "Thoughts Management" in growing numbers, reportedly into the thousands, around the clock, day and night, however primarily in the wee hours of the morning while sleeping when targets are most vulnerable to the subliminal influence programming.

Every human being has a singular mind wave sample that's considered one of a sort, identical to you might have a singular set of fingerprints. That mind wave sample is called your 'Specific Residence Frequency' which nobody else on the planet has like yours. It's really distinctive a one in every of a sort mind distinctive mind wave sign.

Originally published: coastal-post.com (https://coastal-post.com/cia-nsa-can-target-anyone-anywhere-anytime-on-earth-with-mind-control-technology-using-either-satellites-or-a-land-based-fixed-phased-array-of-scalar-wave-towers-in-usa/)

The CIA and NSA DARPA handlers are capable of lock on to that mind wave sign after they've moved near you and en-trained your mind to their distant neural monitoring system and obtain your particular brainwave frequency mind wave sample into their pc which the CIA and NSA handlers, and there are often 4 to 6 handlers in quantity as a result of the function in shifts, have for all times, which the CIA NSA handlers can then mimic, to induce all types of thought, feelings, cognitive talents, bodily sensations, and so forth.

It's because the human physique is a 'VIBRATORY ORGANISM and an 'ELECTROMAGNETIC ORGANISM' and as such every organ of the physique 'VIBRATES' AT A totally different frequency of Electromagnetic Energy.

By various the FREQUENCY and INTENSITY of every beam of electromagnetic power, the CIA and NSA operatives can manipulate every area and organ of the human anatomy.

Then the NSA CIA handlers use that particular mind wave frequency of the focused particular person to focus on you and manipulate your thoughts with thoughts management know-how. This can be a simplified method to clarify how REMOTE NEURAL MONITORING MIND CONTROL TECHNOLOGY works in actual time.

Additionally they secretly 'chip' the focused particular person or his property with monitoring implants they will monitor by satellite tv for pc any the place on the earth. They use these monitoring implants to hone in in your bodily location to wherever you're and as soon as you're in a

comparatively stationary place the focused particular person turns into prone to the directed power.

The CIA NSA handlers can then hetero dynamically lock on to your distinctive one in every of a sort mind wave sample frequency and manipulate your thoughts for the needs of thoughts management, and to inflict ache and trauma on the focused people physique that pothers who within the neighborhood of the stream of directed power don't really feel or discover.

The thoughts of the mind entrained focused particular person picks up the frequency of directed power however the others across the focused particular person don't decide it up as a result of that frequency of directed power is particularly tuned to the distinctive mind wave a sample of the focused particular person.

EXCLUSIVE-We love the apocalypse so long as no one acknowledges the reality: It's not a legendary occasion. We reside on prime of 1.

As such, solely the focused particular person with that 'Specific Residence Frequency' of mind waves absorbs the power or feels it results comparable to extreme ache to the mind and central nervous system. As a result of the mind controls the central nervous system, solely that individual's central nervous system, with that particular mind wave sample frequency, may have their central nervous system manipulated. The others around you'll not really feel or discover the consequences as a result of their mind wave patterns that don't function alongside the identical frequency.

That is how the CIA NSA operatives are capable of goal the Monarch Sufferer in a crowd of individuals, as that crowd of individuals doesn't take in the power or really feel its results. Solely the sufferer absorbs the power or feels it results.

As soon as they have that particular frequency they will goal you from nice distances with thoughts management know-how.

Nevertheless, as a result of 'VERIFICATION' is important they must be near you or to have hidden cameras up or boots on the bottom to watch you and ensure the know-how is working.

Without VERIFICATION there is not any approach the NSA CIA handlers can decide the thoughts management know-how is working or not, which means they cant inform if they should range the routine or not, reminiscent of altering the depth or frequency of the electromagnetic power. They need to both have cameras, lots of that are hidden, or boots on the bottom to tell them you probably did this or stated that after the, say, IMPULSE INJECTION was triggered.

So, then, they constantly set off the ideas and wishes in your thoughts utilizing electromagnetic streams of power that it is advisable to go to the fridge and drink some chocolate milk, and you retain having the impulse and want to do that, but when they can't see you truly do it. which means go to the fridge and drink the chocolate milk, then there isn't any strategy to affirm the know-how is working correctly.

For instance, you may need the robust want to drink the chocolate milk however as an alternative select orange juice, which means thought management know-how failed on that event and they should make changes. In order that they continuously hold you surrounded by perp's always to make sure the know-how is working and that you simply don't defeat their distant neural monitoring system.

CIA NSA handlers obtain this by partaking in a SMEAR CAMPAIGN OF CHARACTER ASSASSINATION AND SLANDER BASED ON LIES AND HALF TRUTHS to show individuals towards you in order that they assume they're watching you for different causes when in fact they're simply puppets of the CIA NSA operatives who've fooled them into doing the work for them.

For the official handlers to not use VERIFICATION methods would nonetheless not prohibit them from concentrating on you with the know-how, however, it might be the equal of concentrating on a moon 5 galaxies away with a particle beam weapon, which means they might hearth away however would do not know whether or not they hit their goal or not as a result of they might haven't any option to affirm it.

USING SCALAR WAVE WEAPONS SYSTEM

Keep in mind, they're utilizing Scalar Waves as properly, that are multi-directional, out of part velocity of sunshine, longitudinal, electromagnetic waves of power.

As soon as fired, scalar waves journey and exist on each side of the world north-south-east-west at the similar time as a result of they're being fired constantly every second by land-based mostly fastened phased arrays of towers, and sometimes by satellite tv for pc as nicely. These towers are just like the HAARP tower in Alaska, however, truly the US Authorities has two extra that we all know of, one in every of which is situated at Los Alamos laboratories and the opposite of which is situated close to the coast of Maine, within the American northeast. The one close to Maine is far smaller than the others and is disguised to seem like a construction.

They're all three used for these functions, and hearth scalar waves constantly every second, in order that scalar waves exist constantly on each side of the world every second of day-after-day, 24 hours a day, seven days every week relentlessly.

The military and intel agency handlers merely harvest and redirect that scalar wave energy that already exists within the environment and redirects it on the focused particular person utilizing the targets particular residence mind wave frequency because the concentrating on gadget and sequence.

In different phrases, you would actually be standing in Antarctica, and the CIA might goal you with this know-how from land-based mostly fastened phased array towers that exist in Alaska.

Once more, Scalar Waves are the velocity of sunshine out of part LONGITUDINAL waves of electromagnetic power and exist each location at a similar time, to allow them to use a terrestrial grid -fired from a land base fastened phased array – or an extra-terrestrial – fired from satellite tv for pc – to focus on you regardless of the place you're on the planet.

Solely these focused people who have that 'specific residence frequency' will take up the power or really feel its results. Others, it can move properly by way of them and they won't comprehend it. That is how they're able to goal you in crowded areas.

CIA NSA handlers additionally interact in disruption techniques to destroy the credibility of the focused particular person. They have a day-by-day PROTOCOL and day-by-day CONTINGENCY PLAN in place to every day destroy the credibility of the focused particular person on a DAILY BASIS. If the focused particular person does THIS then CIA and NSA handlers will do THAT and if a focused particular person does THAT then CIA and NSA handlers will do THIS. They have a day-by-day PROTOCOL in place and wage a steady DAILY marketing campaign to destroy the credibility of the focused particular person every single DAY!

The USA won the classified EMR arms race the former USSR has advocated banning EMR (electromagnetic radiation), weapons since the 1970s. The US has heavily classified nonlethal weapons since the 1960s and has denied the existence of weapons effects of EMR up to the 1990s.

The Pentagon stated on CNN news that the radiofrequency weapons are too sensitive to discuss and has maintained this stance throughout the 1980s. In the 1990s, however, the military admitted to looking for EMR weapons based on EMR bioeffects.

Today there is a massive struggle to take back the freedom that government secrecy, and covered up government crime have stolen from current and all future generations.

None are free until this rot at the very core of formerly democratic nations is exposed and purged.

"In this war, which was total in every sense of the word, we have seen many great changes in military science. It seems to me that not the least of these was the development of psychological warfare as a specific and effective weapon." — General of the Army, Dwight D. Eisenhower PSYWAR

https://en.wikipedia.org/wiki/Psychological_warfare (https://en.wikipedia.org/wiki/Psychological_warfare)

Due to property damage, break-ins, a typical MO of this program, to harass and terrorize targets I put security cams around my house. I now join many who after doing so, military personnel show up using neighboring locations and begin acting out skits.

The goal is for the target to report the harmless theater which will be vehemently denied, and the community will band together and declare, they are afraid of the target, and more importantly, the target is paranoid and delusional. This gives "The Program" a legitimate reason to knock and transport the target to the psych ward.

They want the large sign in my yard with my website taken down of which the public can see and instead discredit me as crazy.

After nearing 15 years of targeting, I remain harmless, with the exception of exposure of this heinous modernized COINTELPRO, with military and nonconsensual human experimentation programs nationwide.

Many across the nation, who are highly credible, will agree, THEY and this monstrous program are the ones crazy and deadly!

TRAUMATIC DISTRESS AMONG SUPPORT-SEEKING

FEMALE VICTIMS OF STALKING

Article

Traumatic Distress Among Support-Seeking Female Victims of Stalking

Jan H. Kamphuis, Ph.D.

Paul M.G. Emmelkamp, Ph.D.

Objective: The authors examined the nature and prevalence of stalking behaviors, victims' coping responses, and the psychomedical impact of stalking on its victims.

Method: Widely accepted self-report measures, including the 12-item General Health Questionnaire and the Impact of Event Scale, were used to assess characteristics of the stalking history and its outcome in terms of general psychomedical distress and posttraumatic stress in a community study group of 201 female stalking victims.

Results: The majority of the victims had undergone multiple forms of harassment, including threats of violence in 74% (N=148) and actual violence in 55% (N=111). More than half of the victims met the criterion for clinically significant pathology on the General Health Questionnaire. Stalking often yielded substantial posttraumatic stress symptoms, commensurate with levels found in other studies of traumatized subjects.

Conclusions: Support-seeking female stalking victims experience pervasive and persistent threat and intrusion; these experiences lead to high levels of psychological morbidity.

(Am J Psychiatry 2001; 158:795–798)

Stalking can be defined as the willful, malicious, and repeated following or harassing of another person that threatens his or her safety (1). The most common form of stalking involves men stalking women with whom they had been sexually intimate (2). We are aware of only three studies to date that have specifically investigated the psychosocial consequences of stalking for its victims (3–5). Pathé and Mullen (3) found evidence of substantial depression, anxiety, and traumatic symptoms among victims of stalking in Australia. On the basis of a nonstandardized self-report instrument, 37% of the respondents in this study qualified for a diagnosis of posttraumatic stress disorder (PTSD). A national survey in the United States among 145 stalking victims (4) indicated negative personality changes as a result of stalking; increases in caution, suspiciousness, anxiety, and aggression were most frequently reported. Finally, a study of 36 female undergraduate stalking victims (5) revealed significant posttraumatic stress symptoms. However, inferences from these studies should be made with caution, given the nature and size of the groups studied and the use of unvalidated measures to index psychological distress (6).

The goal of the present report is to contribute to this body of evidence while remedying some of the listed shortcomings of the previous studies. Specifically, we address the following questions: 1) What are the demographic characteristics of stalkers and their victims? 2) What is the nature and prevalence of specific stalking behaviors? 3) What do victims do to counteract or cope with being stalked? 4) What is the impact of stalking on its victims in terms of general health and posttraumatic stress, and how do these effects compare with the impact of other traumatic events?

Method

Study Group

The potential study group consisted of 594 members of the Dutch *Stichting Anti-Stalking* (Antistalking Foundation) who were given questionnaire booklets. Two hundred fifty-five (43%) of the 594 subjects returned their questionnaire booklets. Twenty of these respondents were excluded for different reasons: six had not been stalked, four were unable to complete the questionnaires because of emotional distress or physical or intellectual impairment, seven respondents expressed very unusual or blatant paranoid ideation in their comments on the booklet, and three returned their questionnaires unanswered or unintelligible. Of the remaining 235 respondents, 201 were women; given this preponderance of female subjects, these were selected for inclusion in the study.

Procedure

Participants were invited through a newsletter of the Antistalking Foundation to participate in a study sponsored by the University of Amsterdam. A precondition for contacting the members of the Antistalking Foundation was that the names and addresses of the respondents would never be revealed to the university, which precluded the traditional formal informed consent procedure. Instead, a letter signed by both the Antistalking Foundation and the principal investigators (J.H.K. and P.M.G.E.) detailed the nature and purpose of the study, with a request to return the questionnaire booklet in an enclosed postage-free envelope. Moreover, it was explicitly stated that participation was entirely voluntary and that anonymity was guaranteed.

From the Administrative Office of Human Rights Advocate Renee Pittman... I am honored to be among many Human Rights Advocates, within the USA and all over the world, passionately walking a determined path for the eventual and ultimate exposure of a horrific, monstrous, inhumane program covertly shattering and destroying human lives. No one is exempt, men, women, or children in covert psycho-physical targeting operations focused effortlessly on anyone and using the electromagnetic spectrum, weaponized, for manipulation and influencing of individuals, groups, communities and large populations through technological advancements and programs in research, TESTING, and development for DECADES! By numerous reports, the effort today unifies advanced military technology in combined covert targeting with various agencies operating at various levels, Federal, state and local as well as contractors, Neighborhood Watch Nazi "Organized Stalking" groups, used as plausible denial patsies and vigilantes unleashed officially, covertly, Post 9/11 for subjugation. For further details about me, and the 90 Blog's "WORK OF LOVE" see also the "ABOUT" link in the top left corner of any blog. This is a Targeted "BLUE RIBBON" unified effort nationwide and globally. DON'T BEND AND DO NOT BREAK! Knowledge is power, awareness is key. ULTIMATELY the TRUTH has become an obvious, powerful weapon of choice and lighting the path to save lives.
